Dear Julio Aguirre,

On Behalf of the Indonesian Basic Income Guarantee Network (IndoBIG Network), We would like to join and become members of the Basic Income Earth Network (BIEN). Our organization aims to educate Indonesian people/citizen about basic income and build a network between scholars, institutions, and individuals who interested to disseminate research about basic income, particularly in Indonesia.

IndoBIG Network is a nonprofit organization with some regular online and offline activities such as research collaboration, online discussion, news/website and other publications. This association or institute founded by some Indonesian researcher and professional who is studying or living in the US, Indonesia, Belgium, and other countries. We are independent and not affiliated with any political party, religious organization, corporation, or particular basic income scheme or funding right now.
