

# HORIZON.NGO

**United Basic Income platform**  
<http://horizon.ngo>

# MISSION

- to **unite** basic income initiatives worldwide
- to make it **easy** and **affordable** for everyone to set up independent basic income projects
- to **distribute** Horizon basic income tokens
- to **create** an opportunity to reinvent, to **flourish** and to give back more
- to **motivate**: just do it!

# TARGETS

- to build a decentralized autonomous solution
- to build a solid basic income **service platform**
- to **forge strategic partnerships** with non-profit organisations, official institutions and companies
- to continuously **fuel the financial reserve**
- to guarantee **valuable payouts** for at least one year!

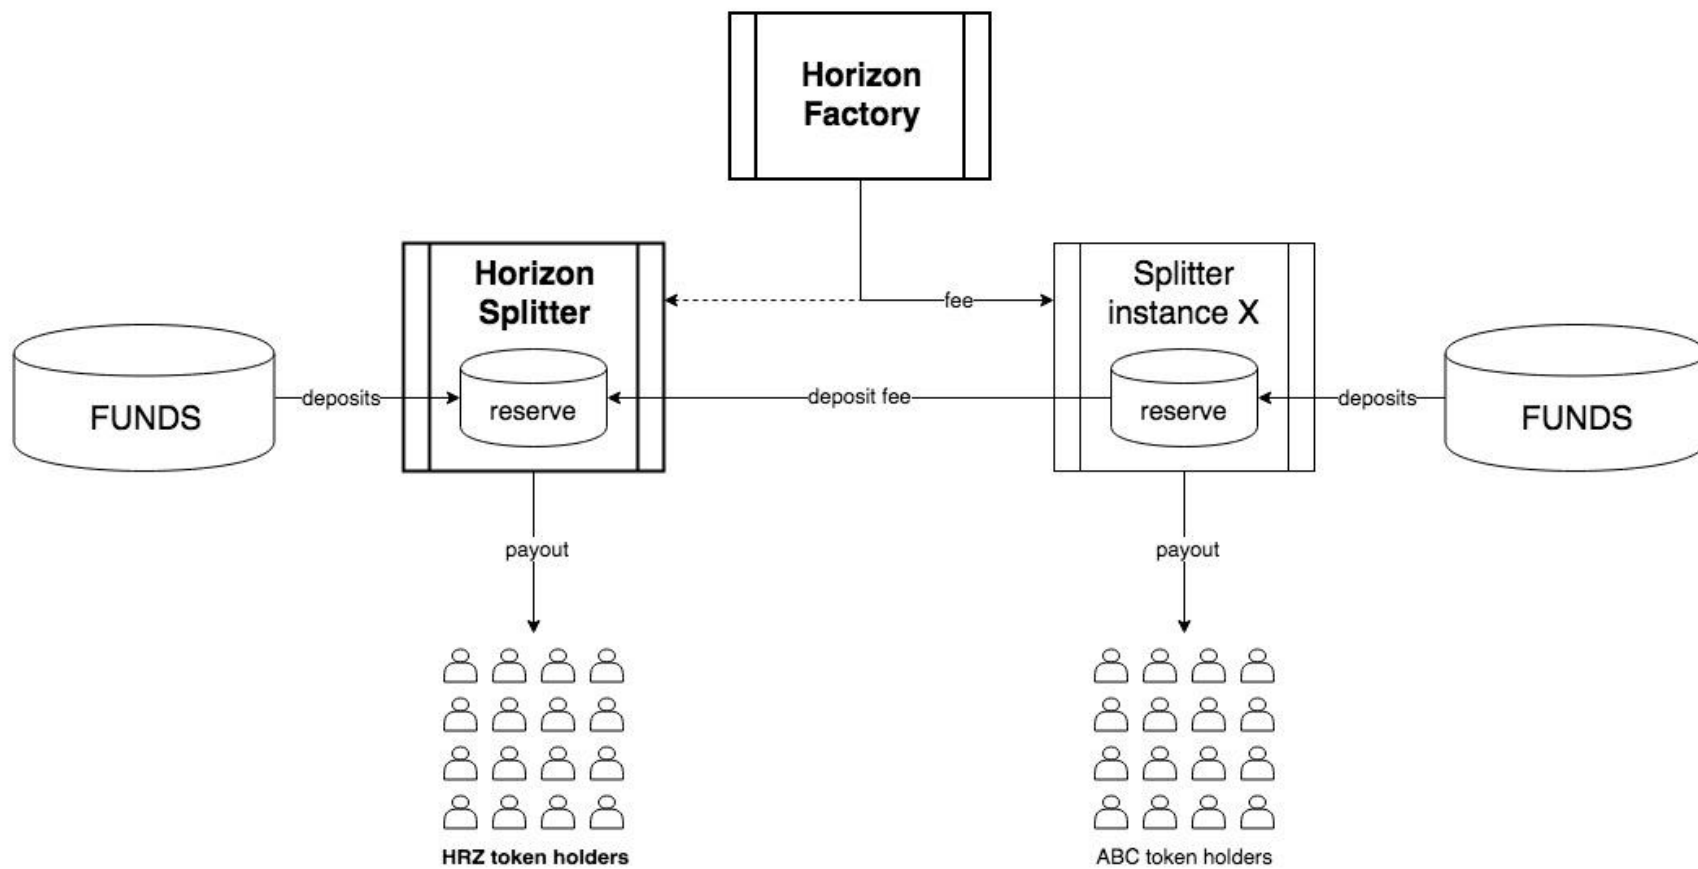

# SOLUTION

## TODAY:

- MVP built on Ethereum  
**<http://horizon.ngo/dapp>**
- Factory generates UBI splitter instances
- splitters pay out ERC20 token holders
- Factory, splitters and token admin

## TOMORROW:

- internal token exchange (ERC20 and ERC721)
- solution for cutting Ethereum gas cost
