11. Other reports: Both the BI News and Outreach reports were received. Questions were asked about editorial policy and BIEN's relationship to campaigning. It was explained that the editorial policy for both news and opinion articles on the website is to ensure compatibility with BIEN's educational objectives, that articles should not be advertisements for commercial activity, and that the journalism should be of a high standard. It was also explained that BIEN has a long tradition of respect for

neutrality among competing models of Basic Income scheme, and that the educational remit of the Charitable Incorporated Organisation is consistent with that tradition. While BIEN's objectives and activities have always been educational, members and affiliated organisations have often been campaigning in orientation; and BIEN's outreach activity has been to affiliated organisations involved in campaigning as well as to civil society organisations of many kinds. It was emphasised that individuals are of course free to speak and act as they wish as long as they make it clear that they are not speaking in the name of BIEN. The Executive Committee's decision to work with the International Basic Income Week, but not to be responsible for it, is consistent with this position. The new Charitable Incorporated Organisation constitution does not stop BIEN from doing anything that it has previously done.

Jenna van Draanen was thanked for her work on outreach.

12. Decision to wind up the Belgian registration of BIEN (the AISBL): BIEN having been registered as a Charitable Incorporated Organisation in the UK, a non-profit organisation with the same objectives as the AISBL, and all of the assets having been transferred to the Charitable Incorporated Organisation, the meeting passed nem con the following resolution: That the International Non-profit-making association Basic Income Earth Network (BIEN) registered in Belgium should be wound up.
13. Decision on internal rules for BIEN: The draft internal rules were agreed nem con without amendment.
14. Election of chair of international board: The international board having been established by the internal rules, Philippe Van Parijs, being the only candidate, was elected as its chair.
15. Founders award: The resolution, 'that on the recommendation of BIEN's Executive Committee, the General Assembly welcomes and takes note of the initiative described in the paper', was discussed and then tabled for further consideration by the proposers and the Executive Committee. (The motion for tabling was proposed by Troy Henderson and seconded by Jim Mulvale, and was passed with one vote against and two abstentions).
16. Proposals for affiliation received: The meeting agreed nem con to affiliate organisations in Russia and Indonesia.
17. Venue for the 2020 BIEN Congress: A single application had been received, from Australia. The meeting agreed nem con that the 2020 Congress would be held in Australia.
18. Any other business: Suggestions were made that funding should be provided to enable individuals involved in the Basic Income debate in low income countries to attend future congresses; that online participation in congresses should be possible; and that future congresses should be a day longer. It was agreed that the Executive Committee would study these suggestions.
19. Announcement of results of the elections to the Executive Committee: Following a recess for the counting of the ballots, the rulekeeper announced the results as follows:
